

## Pole Bracket Datasheet

### HB-D01

#### Features

- ◆ High strength
- ◆ Excellent resistance to rust and corrosion
- ◆ Suitable for use in harsh or outdoor environments
- ◆ Easy to apply and adjust for efficient installation.

#### Performances

The performances of this product material are fully compliant with the following international standards:

- ASTM B633: Standard Specification for Electrodeposited Coatings of Zinc on Iron and Steel

#### Specification

|                   |                     |
|-------------------|---------------------|
| Material          | Galvanized Steel    |
| Bracket Dimension | 66*66*55 mm Nominal |
| Breaking Load     | 1.5 KN              |
| Weight            | 125 g Nominal       |

#### Installation

It is mounted to the wooden or concrete pole with screws or strapping band. Then, other components of the overhead networks can be mounted to the bracket, such as dead end clamps, which are used to tension the cables between the spans.

#### Other Model

HB-D03, plum ring hook bracket
